

Jubilee Plan: Environment October 2025

*A statement of hope - rooted in the belief
that we can make a difference*

During this Jubilee for the Environment, we invite you to join us on a prayerful journey to rediscover our role as stewards of creation and to renew our relationship with each other the world around us.

Each week, we focus on a different theme to help us better understand how we are being called, as a Church, to respond to the cry of the earth and the cry of the people.

As always, our thoughts and actions are rooted in prayer with a dedicated prayer and scripture passage for the week.

Please join us as we come together to pray the same prayer each day, reminding everyone that we are part of something bigger, journeying together and not in isolation.
